We have two lawyers, a real estate agent and another legal-beagle-sharpie all trying to track down the property in Wells Fargo's hidden recesses... All to no avail!! Please continue to pray with us that we will be able to find who has control of the property within the bank so we can make an offer!!

The underwriters have the paperwork for our loan. We are waiting on their response. The bank manager also suggested the bank might be willing to contribute to the escrow fund since this is a real issue in our community. I wrote a letter requesting a contribution, along with the [Palm Beach Post](#) article.

Down Payment Fund

Our **heartfelt appreciation** goes to all who have contributed to the down payment fund. We are past the half-way mark already!

Palm Beaches

The **Human Trafficking Coalition of the Palm Beaches (HTCPB)**

provides a way for regular mortals to get involved, and learn more about the issue of human trafficking.

The meetings are the **second Wednesday** of each month, **10:00 am to 12:00 pm**, at the Emergency Operations Center, **20 S. Military Trail, West Palm Beach, FL 33415.**

The next meeting is this coming Wednesday, August 14th. **Barbara Martinez**, from the US Attorney's Office, will be presenting the third installment in our summer series addressing the topic

of reasons. However, it is also a very **important subject, since sex trafficking is driven entirely by demand.**

Malarek is an investigative journalist. He states the obvious by saying, "Men are the drivers behind prostitution. Their urges are at the core of the explosion of the global sex trade and the reason hundreds of thousands of women and girls are trafficked into sexual slavery every year."

Malarek also has chapters on **sex tourism, predator Johns, John schools, and the effectiveness of the Swedish model of criminalizing solicitation, decriminalizing prostitution.**

I highly recommend this book, even though the content is disturbing. Malarek, as a man, does a very even job exploring this topic without digressing into polemics or hatred. To purchase the book, click on this link to [Amazon](#).

Excerpts from the cover leaf of *The Johns: Sex For Sale And The Men Who Buy It* is in the column to the right.

Thanks again for your interest in **Hepzibah House** and what is perhaps the foremost justice issue of our time: **human trafficking** and the **repercussions in individual lives.**

Sincerely,

The Johns:

Sex For Sale And The Men Who Buy It,

by Victor Malarek

Following up on his scathing indictment of the international sexual enslavement of women in *The Natashas*, award-winning investigative journalist Victor Malarek lays bare here the other side of the crisis - the men who fuel the demand...

He dispels the myths that justify prostitution and puts on display the ordinary johns, their beliefs, their behaviors and their astounding brotherhood.
